To Judge Robert D. Drain 25-2009
I am a GM/IUE retiree who is about to lose my
health and pension benefits. I can be on the ~~FRIDAY COURTHOUSE~~ 25
years! I paid my taxes, served my country (USA) and
worked to better my life. It will be taken away by a
stroke of a pen. Instead you protect overpaid
executives, administrators/politicians, and illegal
immigrants who don't pay taxes and break the law.
I have to wonder if my hard work and sacrifice
was worth it? You no longer represent the middle
class, only certain special interest groups.
The New Grid and America are not like the old
ones, there is no longer any honor or integrity in
them.

Paul G. Takacs
